Tia Dina I just want to tell you that you were the best. From the moment you met me and I was 5 1/2 years old you took me under your wing. You showed me how to line my shoes in place and how to dance to Elvis Presley music. You and tio Fernando were always there for me and your nephew Joshua when we needed something or someone. Tio walked me in my wedding and you stood by my side for so much. You were made for him and he for you. Dina and Estevan have been blessed to have you and tio as their parents. God has a say in everything and everyone and HE put the two of you together. Tio could not have had a better or more beautiful wife, friend and mother of his children. Tia, you have left us now, but you will always be here in our hearts and memories. Now you are at peace and in no more pain. Love you always, Tu Sylvita!
