Family man. I am most grateful to be a part of his family and attend one of our favorite schools. At Alcorn State he helped me graduate. His name itself was most valuable.

My name is Joe L. Barnes. I was a student of his sometime during the years of 1978-1982 at UAPB. I learned so much from him. He did not sugar coat the truth or history. It was an honor to be a student of his. I learned so much from him. My most sincere condolences to his family. May God carry his family during this difficult time. May he RIP.

I attended Alcorn College with Dr. Buford Satcher between 1962 - 66. I had the pleasure of entering the fold of Omega Psi Phi Fraternity, Inc. with him and five others. Because of height, he was number one and I was number 7. He will be missed. My condolences to the members of all of his circles and particularly his immediate family. One of the most favorite instructors that I never had. I believe I learned more from Dr. Satcher than many of my instructors on campus. He was so cool and down to earth. He will definitely be missed. Oh, to get his perspective on things happening these days would be amazing and quite thought provoking. Prayers and condolences to the family. RIL Dr. Satcher.

Dr. Satcher was a great man and very knowledgeable about the history of the origins of the world and extensive knowledge about the origins of the great kings and queens of Africa. He always pushed me to wear my blackness with as a black man and to never back down and always seek the truth. Rest in Heaven, Dr. Satcher. Everytime I see a disheke I think of you. You made learning fun.

Dr. Satcher taught me at MVSU as well. He really open my awareness to the reconstruction period. I had purchased a copy of his research book on the "Black Elected Official during the Reconstruction Period. It was a part of my book collection for years. However, it is missing. This is what led me to look him up. My sincere condolences to his family.

So many times before and after graduation were spent visiting Dr. Satcher. I talked about him all the time so much so that I came to find out who inspired my uncle at MVSU to be a Social Science educator was none other than my mentor. We spent time on 3-way calls they were the best times. He also would brag how much he loved Big Mike and myself and the videos we made that he showed to current students. My sincerest condolences to Mrs. Satcher and the entire family. He lives on in each and every one of us.

Dr Satcher was absolutely one of my favorite instructors who had me wanting to come to class. Feeding his students with his knowledge of our history. Many times learning things that in one class we had never before heard mentioned. Thank you to his family for allowing us to spend the moments with him that we learned so much to say our condolences for the loss of greatness... Jimmy Roger Todd
