Boy this one really hurts. We formed a bond like no other many years ago now. In fact , he became My uncle and I was his nephew and this was how we lived. He taught me so much and I'm glad I was willing to learn. I'm going to truly miss my uncle!

Despite Makayla and Me being parents earlier than anyone expected, Thomas never judged or pushed me away but instead embraced me, guided me, mentored me and gave me some of the best advice and conversations I've ever had. I will always cherish those. Enjoy your arrival party on the other side and know that I will take care of those you left behind. I promise.

My Uncle TV taught me many life lessons. He always recognized my value in the midst of my shortcomings. I don't know that he realized that pointing out that I had value in that moment shaped all of the good I aspired to do in my life and in the lives of others. I pray that he saw a glimpse of the woman I've become and was proud of what he inspired in me. Hey UncleTV, give a shout out to Dad and Grandma up there and lots of love to them and my Uncs up there... Love and Miss you Dearly Niecee
